---

Brian – this is the entire data package that should/could be downloaded into a cd or DVD as stated below. You should transfer it before the six weeks from receipt elapse. Ray Flores will be back in the office next Monday and he can answer your questions concerning this process.

I will send you, later this afternoon, the list of SDGs under case 43795.

Take care

Myra Perez

Myra

Here is a copy of what I am receiving from Alion.

Thanks

The CLP Laboratory data (Falcon Refinery, 43795/F2D76) for your site has been uploaded for your use. Click on the document link, input your Office Outlook 365 username & PW if requested. Under the "File" dropdown list, click on "download a copy". Then download the file to your choice of location. Burn onto a CD or DVD for transfer to SDMS or personal archival. The hardcopy data will be archived at the Federal Records Center (Fort

9597398

Worth) for you. Should you need to retrieve the hardcopy data, print out the file ending "ARC" and provide it to your records management contractor (DSI). Your data will be removed from SKY Drive within six weeks. Please copy it to your local hard drive as soon as possible. If you have any questions, contact Region 6 CLP PO – Raymond Flores.
